3.	On 10 October 1950, the artilleric maserne on Freienwalder- strass; was still only lightly occupied. Four to ten windows of each building were lighted. No activity or motor traffic were seen. Gate guards were red-bordered black epaulets. *	
4.,	A grard detail was stationed in the cantonment on Breidscheit- strisse. *	
<u>ٿ</u> .	The Ardelt Plant was still occupied as was previously observed. On 12 October 1950 at about 2 p.m. about 45 officers, most of them wearing red-bordered red opaulets, left the main building. Half of them were field-grade officers.	50X1-HUM
	*.	
*	Comment. The information does not include any essential chansince the last report  The Schuetzen Kaserne was occupied primarily by element of the unidentified AAA Div of the Fourth dis Secz Army. According another report, elements of the 6th 6ds Mecz Div started returning their home station in Eberswalde from the maneuver area as late as about 23 October 1950.	50X1-HUM to 50X1-HUM
